## Introduction

A Pharmaceutical Needs Assessment (PNA) presents a comprehensive picture of pharmaceutical service need and provision. It also reviews access, range and adequacy of services and choice of provider for service users. This document updates the maps included in the 2018 PNA and is intended to fulfil the Health and Wellbeing Board's legal obligation to keep up to date the map which it includes in its PNA that identifies the premises at which pharmaceutical services are provided within its area. The next full revision of the PNA is scheduled to be published in 2021.

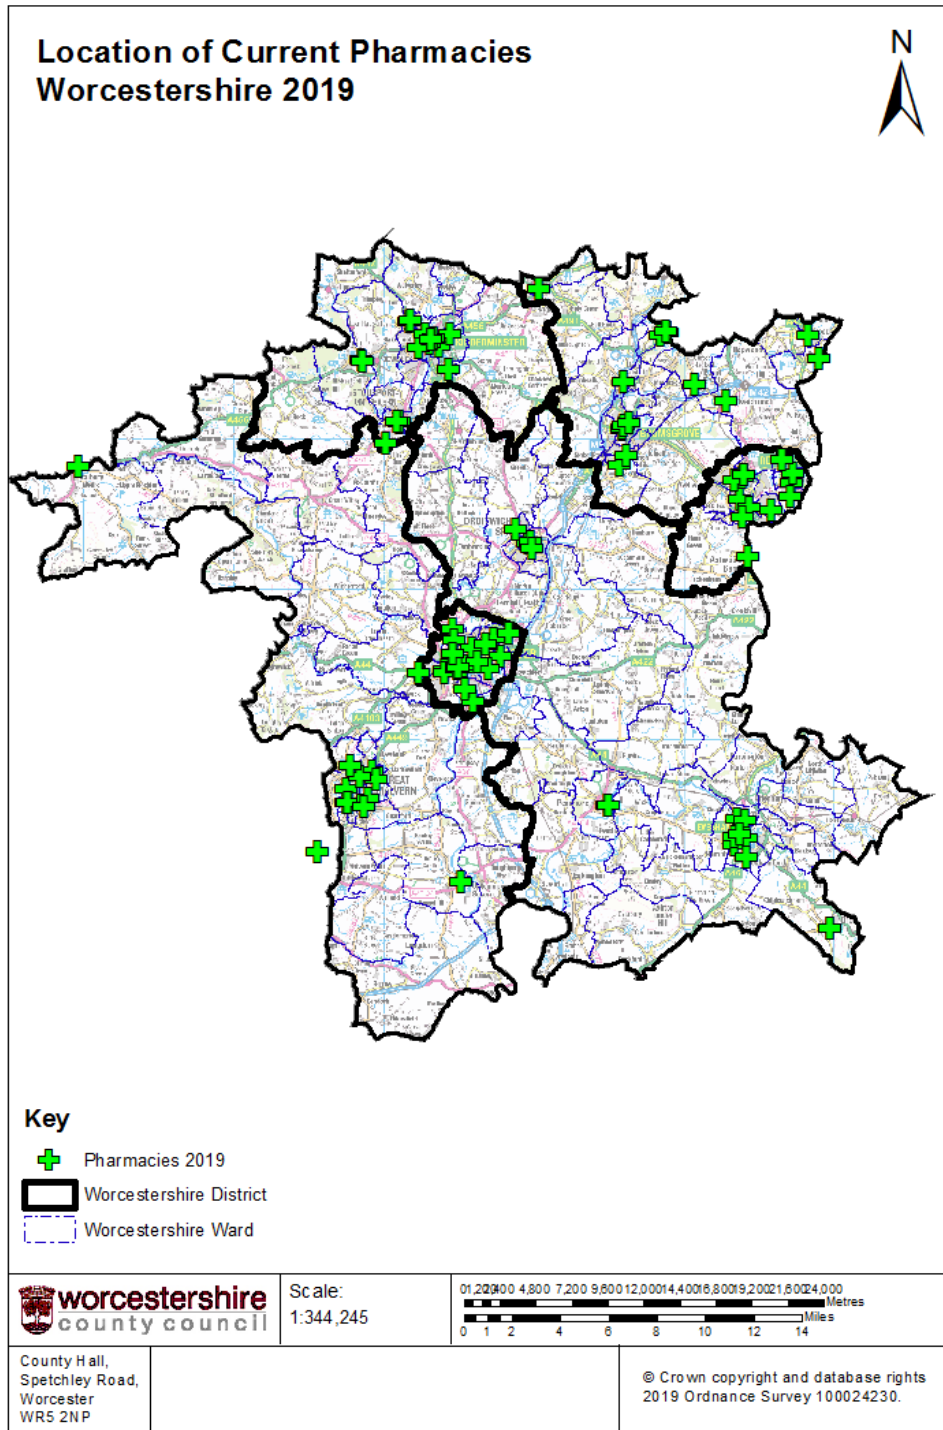

## Legislation

Regulations 3-9 and Schedule 1 of the NHS (Pharmaceutical Services and Local Pharmaceutical Services) Regulations 2013 set out the legislative basis for developing and updating PNAs and can be found here: [www.legislation.gov.uk](http://www.legislation.gov.uk).

Health and Wellbeing Boards are required to publish a revised assessment within three years of publishing their first assessment.

Each Health and Wellbeing Board must, in so far as is practicable, keep up to date the map which it includes in its pharmaceutical needs assessment that identifies the premises at which pharmaceutical services are provided in the area of the HWB (without needing to republish the whole of the assessment or publish a supplementary statement).

## Worcestershire Recovery Partnership Services

Swanswell Charitable Trust (a subsidiary of Cranstoun Group) is commissioned to provide an integrated substance misuse service across Worcestershire. This includes, community based drug and alcohol services, GP shared care and community pharmacy services such as needle and syringe exchange and supervised consumption. Map 8 and Map 9 below show the location of pharmacies offering these services. Table 8 and Table 9 provide a list of names of pharmacies and addresses for pharmacies in Map 8 and Map 9 respectively.

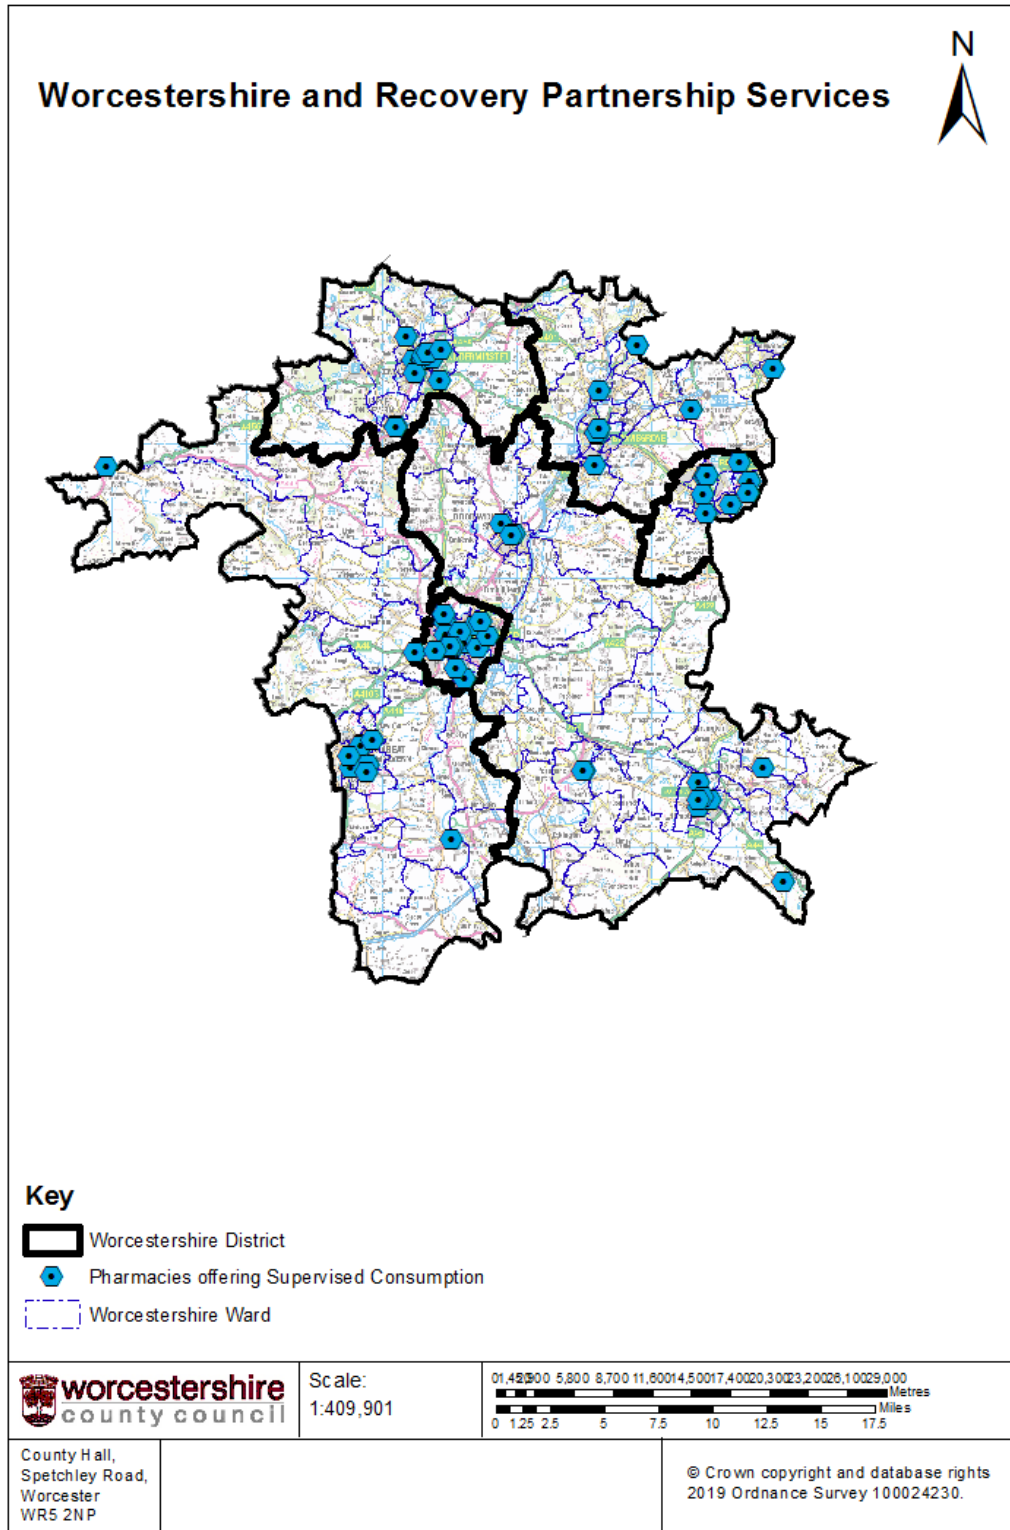

**Map 8: Pharmacies offering Needle Exchange - Worcestershire 2019**
